Forecast For East of England
Issued by Met Office Exeter
at 1600 on Monday 11 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Milder with some rain. Becoming brighter but colder Tuesday.

This Evening and Tonight:
Breezy and damp overnight, with spells of rain and drizzle tending to become a little more widespread with time. Low cloud becoming more widespread as winds ease later in the night. Milder than of late and mainly frost free. Minimum temperature 2 deg C (36 deg F).

Tuesday:
A damp start, however patchy rain should gradually clear southwards to leave fine but cold conditions as winter sunshine breaks through into the afternoon. Maximum temperature 8 deg C (46 deg F).

Outlook for Wednesday to Friday:
Wednesday starting cold and crisp. Rain edging eastwards later, perhaps turning to sleet or snow in places, before easing through Thursday. Friday then drier, with a risk of freezing fog.
